DAVIDSON COUNTY FINANCE

Davidson County Governmental Center
P. O. Box 1067
913 Greensboro Street
Lexington, North Carolina 27292

December 17, 2014

The Board of County Commissioners and
The Citizens of Davidson County, North Carolina

I am pleased to present the comprehensive annual financial report of Davidson County for the fiscal year ended June 30, 2014. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

The comprehensive annual financial report is presented in three sections: introductory, financial and statistical. The introductory section includes this transmittal letter, the GFOA Certificate of Achievement, the County's organizational chart and a list of principal officials. The financial section includes the management discussion and analysis, statements of net assets, and the combining and individual fund financial statements and schedules, as well as the independent auditors' report on the financial statements. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of independent auditors.

The County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-profit Organizations", and the state law in North Carolina for state funds. Information related to the single audit, including the schedule of expenditures of federal and state awards, findings and questioned costs, and independent auditors' reports on the compliance and on internal control over financial reporting, is presented in a separate document to which the reader is referred.

County Profile

The County, founded in 1822, is located in the Piedmont Triad Region of the State, which is a primary industrial area. The County is largely bordered by the large metropolitan counties of Forsyth and Guilford.

The County annually adopts a balanced budget and establishes a tax rate for the support of County programs. The County Manager has the responsibility of administering these programs in accordance with policies and the annual budget adopted by the Board of Commissioners. The Board members are elected at large for staggered four year terms. This report includes all funds of the County and includes all activities upon which the County is financially accountable.

The County provides a full range of services for all the residents of the County regardless of their residential location (outside or within city limits). These services include: public safety (law enforcement, jail, rural fire protection, inspection, emergency medical services, and a day reporting center), human services (social services, public and mental health, senior services and veterans services), culture and recreation (library system, museum and recreation), economic and physical development (agricultural programs, employment and training programs), environmental protection (soil and water conservation services, solid waste disposal and landfill operations), general government services, and administration of the Law Enforcement Officers' Pension Trust Fund. These activities are included in this report.

The County's reporting entity for financial statement purposes includes the activities of all agencies, boards, commissions and authorities, as required by generally accepted accounting principles, and these financial statements present all the funds of the County and its component units, legally-separate entities for which the County is financially accountable.

While this document is an important tool, the CAFR is merely a reflection of the commitment to the financial strength of the County made by the Board of Commissioners. By continuing to invest in ourselves as a community, Davidson County has insured that it maintains its financial stability in a changing and globalizing economy. This letter of transmittal attempts to encompass some of the reasons for the County's fiscal strength and provide you with an introduction to the rest of the document.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader prospective of the specific environment within which the County operates.

Local economy. The County is the home of several nationally known employers. PPG Industries is the producer of fiberglass products. Kimberly-Clark Corporation, manufacturer of consumer-goods products and the second largest taxpayer in the County, established operations in the County in 1985. The County's economic base is diverse enough to support more than 300 manufacturing facilities, producing furniture, textiles, machinery, ceramics and glass which provides a healthy mix with no single industry dominating the employment picture.

The County has continued to recruit quality companies to replace those lost to import competition. The County has offered economic development incentive grants to several companies to support industrial expansion. The County currently has a 6.7 % employment rate which is 1.2 % above the state rate and 3.1% less than the County's rate in 2013.

The County experienced an increase of 3.8% in its tax base. With property tax being the major revenue source over which the County has control, a continued emphasis is being placed on economic development. The County's character and charm which has made it a natural choice for development in the past is no longer enough. Organizations such as Davidson County Economic Development Commission, Piedmont Triad Partnership, and local chambers of commerce will help ensure Davidson County's economic well-being by helping create and maintain employment opportunities, new capital investments, greater retail sales and a better quality of life.

Long-term financial planning. The County will continue its commitment to public schools by staying on course with the plan to build schools to relieve overcrowding. The County has completed extensive renovations and additions to existing schools and has constructed a new middle school. The County is in the process of determining a funding mechanism for the construction of a new high school. The County has completed the issuance of all of the \$66.4 million in school bonds and \$5.2 million in community college bonds that were authorized during the November 2005 election. The County issued \$13 million in Qualified School Construction Bonds in 2011 for the construction of the new middle school in the northern part of the County. These bonds were established as part of the American Recovery Reinvestment Act of 2009. Local Boards of Education were allotted specific amounts proportionately on an ADM basis. The remainder of the funding for this \$24 million project has come from the County reserves and a contribution from the Davidson County school system.

One significant goal of Davidson County is to provide adequate sewer in areas where poor soils have been a prohibitive factor in the quality of life or a detriment to growth. Furthermore, the Davidson County School system has been faced with the requirement to upgrade sewer facilities at various schools to meet the requirements of the North Carolina Department of Environment and Natural Resources. The County has completed the construction of the sewer lines for the Extended Day and new middle school.

The County has also taken steps to capitalize on existing industry expansion and new industrial growth by providing supplement funds for economic development through incentive grants.

The County has also continued planning for its future operations with the annual County retreat held for the Board of Commissioners and the Departmental Directors. Through these retreats, future goals and priorities are discussed in a team effort for implementation in the years to come.

Internal Controls. The Management of Davidson County is responsible for establishing and maintaining an internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance

recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

Independent Audit. North Carolina general statutes require each unit of local government to have its financial statements audited annually by a certified public accountant or by an accountant certified by the North Carolina Local Government Commission as qualified to audit local government accounts. The auditor is selected by and reports to the Board of Commissioners. This requirement has been satisfied within the financial statements herein.

During the fiscal year ended June 30, 2014, the federal and State of North Carolina grant programs were subjected to audit by the independent auditor in accordance with the provisions of the Single Audit Act of 1984, OMB Circular A-133 and the State Single Audit Implementation Act. This report is included in this document.

The Single Audit Act is mandated for the federal grant programs in which the County participates. The State Single Audit Implementation Act was passed effective June 4, 1987. We believe the adoption of this concept has enhanced the County's stewardship of public resources by providing a more comprehensive independent annual audit and a more efficient utilization of County administrative personnel.

Awards

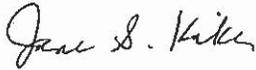

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Davidson County for its comprehensive annual financial report for the fiscal year ended June 30, 2013. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. Davidson County has received a Certificate of Achievement for the last twenty-seven years (fiscal years ended 1987-2013). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA.

Acknowledgements.

Each member of the Finance Department has my sincere appreciation for their assistance and dedication throughout the year, especially during the annual audit and the preparation of this CAFR. The County's print shop continues to do an excellent job in printing this document. Special thanks go to members of the Board of County Commissioners and the County Manager and the County Attorney for their continued support in planning and conducting operations of the County throughout the past years that has lead to sound financial operations.

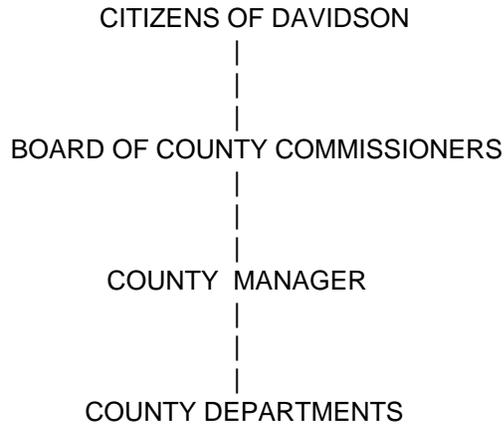

Respectfully submitted,

Jane S. Kiker
Finance Director

Independent Auditor's Report

To the Board of County Commissioners
Davidson County
Lexington, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Davidson County, North Carolina, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Davidson County, North Carolina, as of June 30, 2014, and the respective changes in financial position, and cash flows, where applicable, thereof and the respective budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Law Enforcement Officers' Special Separation Allowance and the Other Post-Employment Benefit's Schedules of Funding Progress and Employer Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Davidson County, North Carolina's basic financial statements. The introductory section, combining and individual fund financial statements, budget and actual schedules, supplemental ad valorem tax schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budget and actual schedules, and supplemental ad valorem tax schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, budget and actual schedules, and supplemental ad valorem tax schedules are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory section and statistical tables have not been subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2014 on our consideration of Davidson County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Davidson County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Davidson County, we offer readers of Davidson County's financial statements this narrative overview and analysis of the financial activities of Davidson County for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information furnished in the County's financial statements, which follow this narrative.

FINANCIAL HIGHLIGHTS

- The assets of Davidson County's governmental activities exceeded its liabilities at the close of the most recent fiscal year by \$20,521,374.
- As of the close of the current fiscal year, Davidson County's governmental funds reported combined ending fund balances of \$76,467,695, after a net increase of \$9,121,009. Approximately 27.5% of this total amount, or \$21,058,072, is restricted or non-spendable
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$34,131,198, or 26.8 % of total General Fund expenditures and transfers to other funds for the fiscal year.
- The assets of Davidson County exceeded its liabilities at the close of the fiscal year by \$38,756,629. This is an increase of \$15,587,711 over the prior year. The increase in net position is primarily due to the increase in net position of the Governmental Activities.
- The County maintained the following bond ratings:

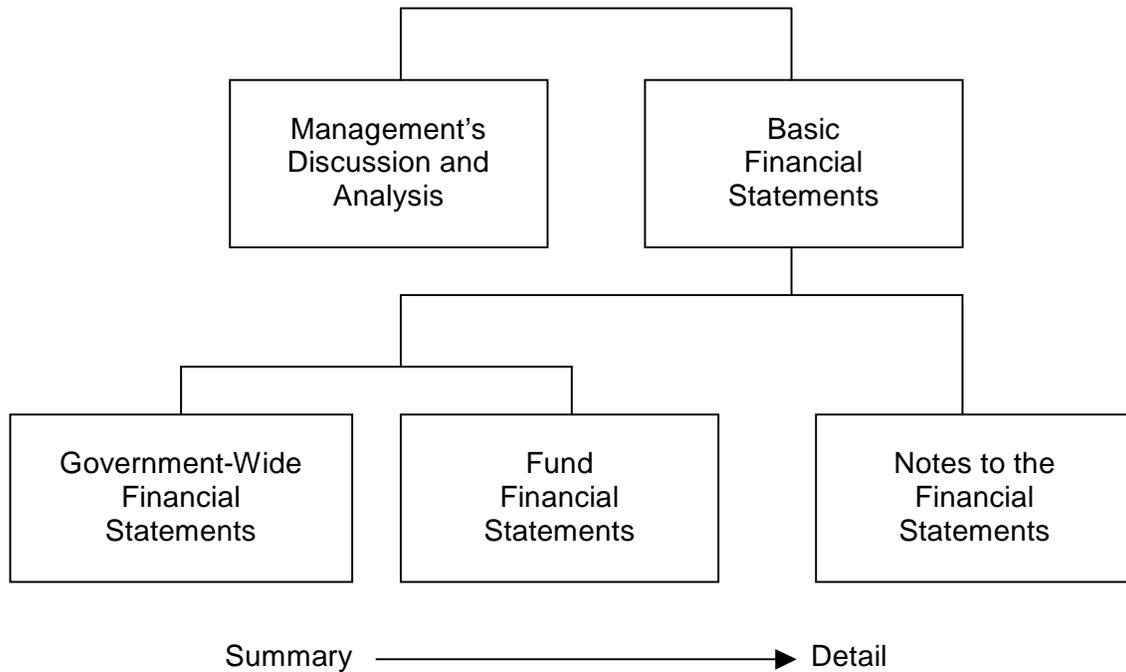

Moody's	Aa2
Standard & Poor's	AA-

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Davidson County's basic financial statements. Davidson County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the fiscal condition of Davidson County.

Required Components of Annual Financial Report

Figure 1

BASIC FINANCIAL STATEMENTS

The first two statements, Exhibits 1 and 2, in the basic financial statements are the Government-Wide Financial Statements. They provide both short- and long-term information concerning the County's financial status.

The next statements, Exhibits 3 through 10, are the Fund Financial Statements. These statements focus on the activities of the individual parts of the County's government, providing more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements, 2) the budgetary comparison statements, 3) the proprietary fund statements, and 4) the fiduciary and agency fund statements.

The final section of the basic financial statements is the Notes to the Financial Statements. The notes offer a detailed examination about various information contained in the statements. Following the notes, supplemental information provides details of the County's non-major governmental funds and internal service funds, which are combined in one column on the basic financial statements. Budgetary information required by the North Carolina General Statutes can also be found in this part of the statements.

Management's Discussion and Analysis (Continued)

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of Davidson County's finances, in a manner similar to a private-sector business.

The two government-wide statements provide short- and long-term information about the County's financial status as a whole.

The statement of net position presents information on all of Davidson County's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Davidson County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Davidson County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Davidson County include general government, public safety, public education, economic development, and general administration. The business-type activities of Davidson County are the landfill operation and the sewer operation.

The government-wide financial statements include not only Davidson County itself (known as the primary government), but also the Davidson County Airport Authority for which Davidson County is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 15 through 17 of this report.

FUND FINANCIAL STATEMENTS

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Davidson County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of Davidson County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Management's Discussion and Analysis (Continued)

Governmental Funds. Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting which provides a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Davidson County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board, 2) the final budget as amended by the Board, 3) the actual resources, charges to appropriations, and ending balances in the General Fund, and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds. Davidson County maintains two types of proprietary funds, Enterprise and Internal Service. Enterprise funds report the same functions presented as business-type activities in the government-wide financial statements. Davidson County uses enterprise funds to account for its Landfill and Sewer operations. The Sewer Fund was established mainly to account for the construction and operation of sewer lines that were built to accommodate the schools. As a result, the Sewer Fund is heavily supported by the General Fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among Davidson County's various functions. Davidson County uses an internal service fund to account for the financing of goods and services provided by the Garage Fund on a cost reimbursement basis. Davidson County also uses an internal service fund to account for the self-insured employee health insurance plan and workers compensation. As these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Landfill and Sewer operations. Conversely, the Internal Service Fund is combined into a single, aggregated presentation in the proprietary fund financial statements.

Management's Discussion and Analysis (Continued)

Fiduciary Funds. Fiduciary funds are used to account for assets the County holds on behalf of others. The County has seven agency funds and one trust fund.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27 through 71 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Davidson County's progress in funding its obligation to provide pension benefits to its public safety employees. Required supplemental information can be found on pages 72 through 76 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. In the case of Davidson County, net position is negatively impacted by the fact that the County issues debt to fund the construction of capital assets that become the assets of other governmental entities upon completion. The County issues general obligation debt and limited obligation bonds to fund the cost of constructing these assets. The assets of Davidson County exceeded liabilities by \$38,756,629 as of June 30, 2014. As of June 30, 2013, the net position of Davidson County stood at \$23,168,918. The County's net position increased by \$15,587,711 for the fiscal year ended June 30, 2014.

Davidson County, along with many other counties in North Carolina, funds school facilities that become assets of the school district and community college facilities that become property of the community college, through the issuance of debt. General obligation bonds and qualified school construction bonds have been issued by the County to fund a large portion of the cost of these assets. The County's liabilities at June 30, 2014 include outstanding general obligation debt of \$59.4 million and outstanding qualified school construction bond debt of \$16.8 million that both relate to funding these non-county assets. This represents 99% of the County's outstanding general obligation debt. Because the County does not retain the related assets, this debt liability (less any unspent proceeds) reduces the County's total net position and presents a less favorable picture as compared to governments that do not extensively fund the capital assets of other government entities. An additional portion of Davidson County's net position \$15,603,971 represents resources that are subject to external restrictions on how they are used. The remaining balance of (\$17,756,654) is unrestricted.

The largest portion of Davidson County's assets reflects its investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. Davidson County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Davidson County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay the debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

Management's Discussion and Analysis (Continued)

At the end of the current fiscal year, Davidson County is able to report positive balances in total net position for the government as a whole. The same situation held true for the prior fiscal year as detailed in the statement of net position.

Davidson County's Net Position
Figure 2

	Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013

Other liabilities	6,331,377	6,396,654	179,954	204,363	6,511,331	6,601,017
Total liabilities	103,860,996	109,638,208	16,770,583	17,608,297	120,631,579	127,246,505
Net position:						
Net investment in capital assets	29,836,571	28,831,557	11,072,741	9,829,830	40,909,312	38,661,387
Restricted	15,603,971	16,647,473	-	-	15,603,971	16,647,473
Unrestricted	(24,919,168)	(38,757,681)	7,162,514	6,617,739	(17,756,654)	(32,139,942)
Total net position	\$ 20,521,374	\$ 6,721,349	\$ 18,235,255	\$ 16,447,569	\$ 38,756,629	\$ 23,168,918

Several particular aspects of the County's financial operations positively influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 96.26%.
- Continued low cost of debt due to the County's high bond rating.
- Continued conservative spending initiatives through performance-based budgeting.

Governmental activities. Of total net position, governmental activities accounted for \$20,521,374 (53 percent). Operating and capital grants and contributions funded \$30,528,357 of Davidson County's governmental activities. Both sales tax and property taxes provided a large source of revenue. Governmental activities increased the County's net position by \$13,800,025 compared to an increase of \$4,167,425 in 2013. The key elements of the increase in 2014 were the decreases in school construction and the increase in property tax collections.

Business-type activities. Net position of Davidson County's business-type activities increased to \$18,235,255. Net position increased by \$1,787,686 in 2014 due to conservative spending and an increase in landfill charges for services. Net position increased \$243,562 in 2013.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, Davidson County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Davidson County's governmental funds is on providing information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the County's financing requirements. In particular, fund balance available for appropriation may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Davidson County's governmental funds reported a combined fund balance of \$76,467,695, an increase of \$9,121,009 in comparison with the prior year.

The General Fund is the principal operating fund of Davidson County. At the end of the current fiscal year, fund balance available in the General Fund was \$44,821,894, while total fund balance for the General Fund reached \$55,737,475. The governing body of Davidson County has determined that the county should maintain an available fund balance of 18% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The county currently has an available fund balance of 35.2% of general fund expenditures and transfers to other funds, while total fund balance represents 43.8% of that same amount.

The other major governmental funds are the School Capital Outlay Fund which funds the construction of school buildings and facilities for the Davidson County Schools, Lexington City Schools, Thomasville City Schools, and Davidson County Community College and the Capital Reserve Fund which accounts for funds that have been specifically reserved for pay-as-you-go capital expenditures and debt service for capital projects.

The School Capital Outlay Fund fund balance increased by \$7,305,129 due to additional intergovernmental revenues and contributions for school construction. Sources of income included interest earnings of \$10,946, transfers from the General Fund of \$4,287,179, and a contribution from the County Schools of \$3,000,000. The Capital Reserve Fund increased by \$209,398 due to a transfer from the General Fund for future various capital expenditures and renovations.

General Fund Budgetary Highlights. During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available, 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants, and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues and Fund balance appropriated by \$9,189,428. \$1,405,891 of the increase can be attributed to additional grant revenue for Social Services and the Health departments. \$1,016,514 of the increase can be attributed to a transfer from capital reserve for capital projects. \$3,483,649 of the increase can be attributed to the appropriation of fund balance for capital projects and for performance management expenditures earned by qualified departments in the prior year from the attainment of specific performance goals. \$2,500,000 of the increase can be attributed to the appropriation of fund balance for a one-time transfer to capital reserve for future capital

Management's Discussion and Analysis (Continued)

expenditures. Favorable variances were recognized in all departments through the utilization of conservative spending.

Proprietary Funds. Davidson County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Landfill at the end of the year totaled \$6,767,020. Unrestricted net position of the Sewer operation at the end of the year totaled \$395,494.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. Davidson County's investment in capital assets for its governmental and business-type activities as of June 30, 2014 amounts to \$53,368,978 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, vehicles, machinery and equipment. The total decrease in Davidson County's investment in capital assets for the current fiscal year was 1.9 percent.

The only major capital asset events during the fiscal year were building renovations. The County has implemented a plan to build much-needed schools to counteract the problem of overcrowding. These school projects will be funded by both local revenues and school bonds. Other building needs of the County are currently being forecasted into the future as revenues are located and become available.

Total	\$ 32,746,571	\$ 32,421,557	\$ 20,622,407	\$ 19,971,615	\$ 53,368,978	\$ 52,393,172

Additional information on Davidson County's capital assets can be found in Note II.A.4 on pages 44 through 47 of this report.

Long-Term Debt. At the end of the current fiscal year, Davidson County had total bonded debt outstanding of \$59,380,000, which is backed by the full faith and credit of the County.

This outstanding General Obligation indebtedness is out of a legal debt limit of approximately \$1,098,282,000. This legal debt limit is determined by the Municipal Finance Law of North Carolina which limits the amount of net bonded debt a County may have outstanding to 8

Management's Discussion and Analysis (Continued)

percent of the appraised value subject to taxation. The ratio of debt service expenditures to total general governmental expenditures is 8.39.

The County's general obligation debt per capita is \$362.58 as of June 30, 2014 while the County's gross debt per capita is \$600.44 due to \$39,553,659 in outstanding Certificates of Participation, Limited Obligation Bonds, Qualified Zone Academy Bonds, Qualified School Construction Bonds, and installment purchase obligations. Davidson County's total debt had a net decrease of \$6,754,224.

Additional information on Davidson County's long-term debt can be found in Note III.B.7 on pages 60 through 67 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for Davidson County is currently 6.7 percent, which 3.1 percent less than last year's rate. This rate is 1.2 percent above the state's average unemployment rate of 7.9 percent.
- Inflationary trends in the region compare favorably to national indices.
- Population of 163,770 has grown 7.6 percent from 2004 to 2014.

All of these factors were considered in preparing Davidson County's budget for Fiscal Year 2014-2015.

BUDGET HIGHLIGHTS FOR FISCAL YEAR 2014-2015

Governmental activities. Minimal growth in the tax base is anticipated over FY2014. An increase in the Sales tax revenues of 3.0 percent has been projected due to an improvement in the local economy. General Fund reserves, maintained in the current fiscal year through reduced spending initiatives and additional revenues, were appropriated in the amount of \$3 million.

Budgeted expenditures in the General Fund are expected to increase by a net amount of 2.0 percent from FY2014. The largest increase was due to a cost of living increase for employees.

Business-type activities. Budgeted expenditures for the Landfill Fund will decrease by \$1,974,396. This is attributable to one-time capital expenditures budgeted for landfill cell construction in FY2014.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Davidson County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, P. O. Box 1067, 913 Greensboro Street, Lexington, North Carolina 27292.

DAVIDSON COUNTY, NORTH CAROLINA
STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
Year Ended June 30, 2014

Exhibit 4
Page 2 of 2

**Reconciliation of the Governmental Funds Statement of Revenues, Expenditures
and Changes in Fund Balances to the Statement of Activities:**

Total net change in fund balances - governmental funds \$ 9,121,009

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation was less than capital outlays and loss on disposal in the current period. 375,806

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. 6,236,431

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. (512,479)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (1,197,488)

Internal service funds are used by management to charge the costs of fleet management and health insurance to individual funds. The net loss of the internal service funds are reported with governmental activities. (223,254)

Changes in net position of governmental activities \$ 13,800,025

The accompanying notes are an integral part of this statement.

DAVIDSON COUNTY, NORTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

I. Summary of Significant Accounting Policies

The accounting policies of Davidson County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. Davidson County Airport Authority exists for the operation and maintenance of airport facilities in the County. Davidson County Industrial Facility and Pollution Control Financing Authority (the *Authority*) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the combined financial statements.

Component Unit	Reporting Method	Criteria for Inclusion	For Separate Financial Statements
Davidson County Airport Authority	Discrete	The Airport Authority is governed by a nine-member board of commissioners that are appointed by the County commissioners. The County can remove any commissioner of the Airport Authority with or without cause.	None issued
Davidson County Industrial Facility and Pollution Control Financing Authority	Discrete	The Financing Authority is governed by a seven-member board of commissioners that are appointed by the County commissioners. The County can remove any commissioner of the Financing Authority with or without cause.	None issued

B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-Wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

Basis of Presentation (Continued)

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - *governmental, proprietary and fiduciary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the General Fund

School Capital Outlay Fund. This capital projects fund accounts for the County's portion of the financing of school capital assets for the Lexington City Schools, Thomasville City Schools, Davidson County school systems, and the Davidson County Community College system.

Capital Reserve Fund. This capital projects fund accounts for monies that have been specifically reserved for pay-as-you-go capital expenditures and debt service for capital projects.

The County reports the following major enterprise funds:

Landfill Fund. This fund accounts for the operation, maintenance, and development of various landfills and disposal sites.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

Basis of Presentation (Continued)

Sewer Fund. This fund accounts for the operation, maintenance, and development of various sewer lines.

Additionally, the County reports the following fund types:

Internal Service Fund. The County uses an internal service fund to account for fleet management services provided to other departments of the government on a cost reimbursement basis. The County has also established an internal service fund to account for the self-funded employee health care program and workers compensation.

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Property Tax Fund, which accounts for funds that are billed and collected by the County for various municipalities and special districts within the County but that are not revenue to the County; the P.I.C. Fund, which accounts for donations received by the Private Industry Council to provide scholarships to individuals; the United Way Fund, which accounts for employee fund-raising activities for the United Way; the Social Services Designated Payee Account Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Bid Bond Deposit Fund, which accounts for all cash bid bonds received, the Sheriff-Inmate Account Fund which accounts for funds held on behalf of inmates in the County jail, and the Sheriff-Execution Account Fund which accounts for funds held on behalf of others as a result of court ordered sales of property.

Pension Trust Fund. The County has a Pension Trust Fund, the Law Enforcement Officers' Pension Trust Fund, that accounts for the Law Enforcement Officers' Special Separation Allowance, a single-employer, public employee retirement system.

Nonmajor Funds. The County maintains five legally budgeted funds. The Fire District Fund, Transportation Fund, Emergency Telephone Fund, and Special School Districts Fund are reported as nonmajor special revenue funds. The County Capital Projects Fund is reported as a capital projects fund.

Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-Wide, Proprietary and Fiduciary Fund Financial Statements. The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

Measurement Focus, Basis of Accounting (Continued)

focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in the governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

Measurement Focus, Basis of Accounting (Continued)

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant areas where estimates are made are allowance for doubtful accounts and depreciation lives.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Special Revenue Funds, and the Enterprise Funds. A balanced financial plan is approved concurrent with the adoption of the annual budget for the internal service funds. All annual appropriations lapse at the fiscal year end. Project ordinances are adopted for the School Capital Outlay Fund and the Capital Projects Fund.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

C. Budgetary Data (Continued)

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the department level for the General, Special Revenue (except the Fire Districts), and Enterprise Funds. The Fire Districts Fund is budgeted on the functional level by fire district. The Finance Officer, with the concurrence of the Budget Officer, is authorized to make budget transfers between objects of expenditure within a department with a report being submitted to the County Commissioners within thirty days after the transfers. The Board of Commissioners must approve revisions that alter the total appropriations of any department or fund. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted. During the year, several amendments to the original budget were necessary, some of which were material. The effects of the material budget amendments are described below.

Budget amendments totaling \$1,016,514 were necessary to appropriate transfers from capital reserves for capital expenditures. Additional fund balance of \$5,504,733 was appropriated for one-time capital expenditures, for capital reserves, and for performance management expenditures earned from the attainment of specific performance goals in the previous year.

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity

1. Deposits and Investments

All deposits of the County are made in board-designated official depositories and are secured as required by G. S. 159-31. The County may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G. S. 159-30(c)] authorizes the County to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The County's investments with a maturity of more than one year at acquisition and non-money market investments are carried at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Fund Equity (Continued)

2. Cash and Cash Equivalents

The County pools moneys from several funds, except the Agency and Pension Trust Funds, to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

3. Restricted Cash

Restricted cash consists of the following at June 30, 2014:

	<u>General Fund</u>	<u>School Capital Outlay Fund</u>	<u>Sewer Fund</u>
Sinking fund for the repayment of Qualified Zone Academy Bonds	\$ 949,302	\$ -	\$ -
Sinking fund for the repayment of Qualified School Construction Bonds	2,610,609	-	-
Tax Revaluation Fund	79,000	-	-
Unexpended proceeds from the issuance of bonds	-	321,838	-
Unexpended proceeds from the issuance of Limited Obligation Bonds	-	-	79,604
Unexpended proceeds from the issuance of Installment purchase contracts	-	-	1,081,277
	<u>\$ 3,638,911</u>	<u>\$ 321,838</u>	<u>\$ 1,160,881</u>

4. Ad Valorem Taxes Receivable

In accordance with state law [G. S. 105-347 and G. S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2013. As allowed by state law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Fund Equity (Continued)

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories

The inventory of the County's internal service fund consists of materials and supplies held for consumption. The cost (first-in, first-out method, which approximates market) of the inventory carried in the County's internal service fund is recorded as an expense as the inventory is consumed.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. It is the policy of the Board to capitalize all capital assets costing more than \$5,000 with an estimated useful life of two years or more.

The County holds title to certain Davidson County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs. Agreements between the County and Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Davidson County Board of Education.

Any interest incurred during the construction phase of proprietary fund type capital assets is reflected in the capitalized value of the asset constructed. Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

Governmental activities:	
Buildings and improvements	20 to 40 years
Furniture, equipment and vehicles	5 to 10 years
Business-type activities:	
Buildings	20 years
Furniture and equipment	5 to 10 years
Improvements	20 years
Sewer lines	50 years

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Fund Equity (Continued)

7. Capital Assets (Continued)

Component unit:	
Buildings	40 years
Land improvements	50 years
Equipment	10 years
Runways	20 years

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has no items that meet this criterion. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has only three items that meet the criterion for this category, property taxes receivable, other receivables, and EMS receivables.

9. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

10. Compensated Absences

The vacation policies of the County and the Airport Authority provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the County's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The sick leave policies of the County and the Airport Authority provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities has any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made by the County or its component units.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Fund Equity (Continued)

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental funds financial statements, fund balance is composed of five classifications designed to disclose hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance- This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Long term note receivable-portion of fund balance that is not an available resource because it represents the year-end balance of an ending note receivable which is not a spendable resource.

Long term advance to component unit-portion of fund balance that is not an available resource because it represents the year-end balance of a long term advance which is not a spendable resource.

Restricted Fund Balance-This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization of State Statute- State law [G.S. 159-13(b)(16)] restricts appropriation of fund balance for the subsequent year's budget to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

Restricted for Register of Deeds-portion of fund balance that is restricted by revenue source to pay for the computer equipment and imaging technology for the Register of Deeds office.

Restricted for Health-portion of fund balance that is restricted by revenue source for health purposes.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Fund Equity (Continued)

11. Net Position/Fund Balances (Continued)

Fund Balances (Continued)

Restricted for Fire Protection-portion of fund balance that is restricted by revenue source for fire protection expenditures.

Restricted for Transportation-portion of fund balance that is restricted by revenue source for transportation expenditures.

Restricted for Public Safety-portion of fund balance that is restricted by revenue source to pay sheriff expenditures.

Restricted for School Capital-portion of fund balance that is restricted by revenue source to pay School Capital per G.S 159-18-22

Restricted for Debt Service-portion of fund balance that is restricted for the repayment of Qualified Zone Academy Bonds and Qualified School Construction Bonds

Committed Fund Balance-Portion of fund balance that can only be used for specific purposes determined by a formal action of the government's highest level of decision-making authority. Davidson County's governing board is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for Tax Revaluation-portion of fund balance that can only be used for tax revaluation.

Committed for School Capital-portion of fund balance that can only be used for school capital.

Committed for Capital Projects Funds-portion of fund balance that can only be used for county capital projects.

Assigned Fund Balance- portion of fund balance that the Davidson County governing board has budgeted. Amounts are assigned when they are constrained by the County's intent to use for specific purposes, but are neither restricted nor committed. Intent should be expressed by the Board.

Subsequent year's expenditures-portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Fund Equity (Continued)

11. Net Position/Fund Balances (Continued)

Fund Balances (Continued)

Unassigned Fund Balance- portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Davidson County has an internal management revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, and county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

Davidson County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least to or greater than 18% of budgeted expenditures. Any portion of the General Fund balance in excess of 20% of budgeted expenditures may be transferred into the Capital Reserve fund for pay-as-you-go capital projects.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual – General Fund to the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds

A legally budgeted Property Revaluation Fund is consolidated into the General Fund for reporting purposes on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds (Exhibit 4). Fund balance for the General Fund is reconciled as follows:

Fund Balance, ending (Exhibit 5)	\$ 55,658,475
Property Revaluation Fund:	
Expenditures:	
General government	-
Transfers in – General Fund	-
Fund Balance, beginning	<u>79,000</u>
Fund balance, ending (Exhibit 4)	<u>\$ 55,737,475</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

E. Reconciliation of Government-Wide and Fund Financial Statements

1. Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities

The governmental funds statement of revenues, expenditures and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net positions of governmental activities as reported in the government-wide statement of activities. The elements comprising the total adjustment of \$4,679,016 are as follows:

Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities.	\$ 2,541,986
Depreciation expense, the allocation of those assets over their useful lives, is recorded on the statement of activities but not in the fund statements.	(2,166,180)
Internal service funds are used by management to charge the cost of certain activities to individual funds. The net revenue (expense) of the internal service fund is reported with governmental activities.	(223,254)
Principal payments on debt owed are recorded as a use of funds in the fund statements but do not affect the net position reported in the government-wide statements.	6,163,465
Amortization of bond premium is included in the government-wide statements but not in the fund statements because it does not use current resources.	60,756

NOTES TO FINANCIAL STATEMENTS (Continued)

I. Summary of Significant Accounting Policies (Continued)

E. Reconciliation of Government-Wide and Fund Financial Statements (Continued)

1. Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities (continued)

Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements:

Difference in interest expense between fund statements (modified accrual) and government-wide statements (full accrual).	12,210
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources.	(70,404)
Law enforcement Officers' Special Separation Allowance is accrued in the government-wide statements but not in the fund statements because it does not use current resources.	(50,600)
OPEB liability is accrued in the government-wide statements but not in the fund statements because it does not use current resources.	(391,475)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.	
Net decrease in deferred inflows of resources.	<u>(1,197,488)</u>
Total adjustment	<u>\$4,679,016</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds

A. Assets

1. Deposits

All of the County's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The County has a formal written policy in place regarding custodial credit risk for deposits whereby no more than 50% of the County's total moneys shall be placed with a single financial institution, with the exclusion of tax funds held by a collecting bank that have not been allocated by the County. The Airport Authority does not have a policy regarding custodial risk of deposits.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2014, the County and Airport's deposits had a carrying amount of \$64,480,679 and a bank balance of \$64,828,760. Of the bank balance, \$493,198 was covered by federal depository insurance and \$64,335,562 in both interest-bearing and non interest-bearing deposits were covered by collateral held under the Pooling Method. Of the County's carrying amount, \$844,885 is held on behalf of others in the Pension Trust and Agency Funds. At June 30, 2014, Davidson County had \$4,751 cash on hand. During the year and as of June 30, 2014, the Airport Authority had no depository accounts other than those held by the County.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds

A. Assets (Continued)

2. Investments

As of June 30, 2014, the County had the following investments and maturities:

	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>Maturity 1-5 Years</u>
North Carolina Capital Management Trust			
Cash Portfolio	\$ 4,575,629	N/A	N/A
Commercial Paper	10,043,946	10,043,946	-
U.S. Government Agencies	<u>12,600,315</u>	<u>949,302</u>	<u>11,651,013</u>
	<u>\$ 27,219,890</u>	<u>\$ 10,993,248</u>	<u>\$11,651,013</u>

Interest Rate Risk - As a means of limiting its exposure to fair value losses arising from interest rates, the County's formal investment policy limitations are that no less than half of the investment portfolio shall mature in 90 days and the average maturity of the portfolio shall mature within one year.

Credit Risk – The County's formal investment policy limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. North Carolina statutes limits investment in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROS). As of June 30, 2014, the County's investments in commercial paper were rate A1 or better by Moody's Investors Service and P1 by Standard and Poors and F1 or better by Fitch Ratings. The County's investments in the North Carolina Capital Management Trust Cash Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2014. The County's investments in US agencies (Federal Home Loan Bank, Federal Farm Credit Bank, and FHLMC Discount Note) are rated AAA by Standard & Poor's and Aaa by Moody's Investors Service.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The County's formal investment policy indicates that the County shall utilize a third party custodial agent for book entry transactions, all of which shall be a trust department authorized to do work in North Carolina who has an account with the Federal Reserve. Certified securities shall be in the custody of the Finance Director.

Concentration of Credit Risk - The County formal investment policy places no limit on the amount that the County may invest in any one issuer. Also, no more than 50% of the County's total portfolio, which is defined by the County's investment policy to include interest-bearing bank deposits, shall be invested in a particular investment vehicle that does not bear the full faith and credit of the United States. As of June 30, 2014, the following investment categories account for more than 5% of the County's investment portfolio (excluding interest-bearing deposits): Federal Home Loan Bank (FHLB), 30.3%, Federal Farm Credit Bank (FFCB), 12.5%, ING US Funding Commercial Paper, 7.3%, Societe Generale NA Commercial Paper, 7.3%, ABN AMRO Funding Commercial Paper, 7.5%, Natixis US Finance Commercial Paper, 7.3%, BNP Paribas Finance Commercial Paper, 7.3%.

2. Pension Plan Obligations and Other Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. Davidson County contributes to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

a. Local Governmental Employees' Retirement System (continued)

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The County is required to contribute at an actuarially determined rate. For the County, the current rate for employees not engaged in law enforcement and for law enforcement officers is 7.07% and 7.28%, respectively, of annual covered payroll. The contribution requirements of members and of Davidson County are established and may be amended by the North Carolina General Assembly. The County's contributions to LGERS for the years ended June 30, 2014, 2013 and 2012 were \$2,349,496, \$2,208,025 and \$2,237,086, respectively. The contributions made by the County equaled the required contributions for each year.

b. Law Enforcement Officers' Special Separation Allowance

1) *Plan Description*

Davidson County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G. S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report was not issued for the plan. The Separation Allowance is reported in the County's financial statements as a pension trust fund.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers' Special Separation Allowance (Continued)

1) *Plan Description (Continued)*

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2013, the Separation Allowance's membership consisted of:

Retirees receiving benefits	8
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>128</u>
Total	<u><u>136</u></u>

2) *Summary of Significant Accounting Policies*

Basis of Accounting. Financial statements for the Separation Allowance are prepared using the accrual basis of accounting. Employer contributions to the plan are recognized when due and when the County has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments. Investments are reported at fair value. Short-term money market debt instruments, deposits, and repurchase agreements are reported at cost or amortized cost, which approximates fair value. Certain longer term United States Government and United States Agency securities are valued at the last reported sales price.

3) *Contributions*

The County is required by Article 12D of G. S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned by making contributions based on actuarial valuations. Contributions in the amount of \$125,000 were made by the County during the current year. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers' Special Separation Allowance (Continued)

3) *Contributions (Continued)*

The County's annual pension cost and net pension obligation for the current year were as follows:

Annual required contribution	\$ 205,401
Interest on net pension obligation	47,345
Adjustment to annual required contribution	<u>(77,146)</u>
 Annual pension cost	 175,600
Contributions made	<u>125,000</u>
 Increase in net pension obligation	 50,600
Net pension obligation, beginning of year	<u>946,891</u>
 Net pension obligation, end of year	 <u>\$ 997,491</u>

The annual required contribution for the current year was determined as part of the December 31, 2012 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) a 5.00% investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.25% to 7.85% per year. Both (a) and (b) included an inflation component of 3.00%. The assumptions did not include postretirement benefit increases. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2012 was 18 years.

Three-Year Trend Information

<u>Year Ended June 30</u>	<u>Annual Pension Cost</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
2012	178,080	44.92%	866,470
2013	182,921	56.04%	946,891
2014	175,600	71.18%	997,491

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers' Special Separation Allowance (Continued)

4) Funded Status and Funding Progress

As of December 31, 2013, the most recent actuarial valuation date, the plan was 19.50% funded. The actuarial accrued liability for benefits was \$2,034,442, and the actuarial value of assets was \$396,650, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,637,792. The covered payroll (annual payroll of active employees covered by the plan) was \$5,500,867, and the ratio of the UAAL to the covered payroll was 29.77 percent.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G. S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. The report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G. S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2014 were \$349,266, which consisted of \$282,060 from the County and \$67,206 from the law enforcement officers.

d. Registers of Deeds' Supplemental Pension Fund

Plan Description. Davidson County also contributes to the Registers of Deeds' Supplemental Pension Fund (Fund), a noncontributory, defined contribution plan

NOTES TO FINANCIAL STATEMENTS (Continued)

III. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

d. Register of Deeds' Supplemental Pension Fund (Continued)

administered by the North Carolina Department of State Treasurer. The Fund provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Governmental Employees' Retirement System (LGERs) or an equivalent locally sponsored plan. Article 3 of G. S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Register of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Register of Deeds' Supplemental Pension Fund. The report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410 or by calling (919) 981-5454.

Funding Policy. On a monthly basis, the County remits to the Department of State Treasurer an amount equal to one and one-half percent (1.5%) of the monthly receipts collected pursuant to Article 3 of G. S. 161. Immediately following January 1 of each year, the Department of State Treasurer divides ninety-three percent (93%) of the amount in the Fund at the end of the preceding calendar year into equal shares to be disbursed as monthly benefits. The remaining seven percent (7%) of the Fund's assets may be used by the State Treasurer in administering the Fund. For the fiscal year ended June 30, 2014, the County's required and actual contributions were \$10,661.

e. Other Postemployment Benefits (OPEB)

Healthcare Benefits

Under the terms of a County resolution, the County administers a single-employer defined benefit Retiree Health Insurance Plan (the RHI Plan). Employees hired prior to July 1, 2009, who retire under the NC Local Governmental Retirement System (NCLGRS) with at least twenty years of credited service, of which the last ten years must have been consecutive with Davidson County, and are age 55 or older and/or have thirty years of service, and are actively employed with the County at the time of retirement are eligible to participate in the County's Retiree Health Insurance Plan until they reach age 65 or obtain Medicare, whichever comes first. Retirees hired prior to July 1, 2009 receive the same benefits as active employees. The cost of insurance is borne by the retirees at a pro rata share based on years of service. The County obtains health care coverage through private insurers. The County may amend the benefit provisions. A separate report was not issued for the plan.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

e. Other Postemployment Benefits (OPEB) (Continued)

Healthcare Benefits (continued)

Membership of the RHI Plan consisted of the following at December 31, 2013, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees receiving benefits	31	7
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	<u>520</u>	<u>102</u>
Total	<u><u>551</u></u>	<u><u>109</u></u>

Funding Policy. The County subsidizes the full cost of coverage for the healthcare benefits paid to qualified retirees under a County resolution that can be amended by the County Board. For an active employee with 30 years or more of service, the County will contribute 100% of the full cost of coverage; for an active employee with 25-29 years of service, the County will contribute 67% of the full cost of coverage; and for an active employee with 20-24 years of service, the County will contribute 33% of the full cost of coverage. Dependent coverage is not provided. The County has chosen to fund the healthcare benefits on a pay as you go basis.

The current ARC rate is 3.96% of annual covered payroll. For the current year, the County contributed \$582,654 or 2.31% of annual covered payroll. The County obtains healthcare coverage through private insurers. Contributions made by retirees totaled \$48,832. The County's obligation to contribute to the RHI Plan is established and may be amended by the County Board.

Summary of Significant Accounting Policies. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

NOTES TO FINANCIAL STATEMENTS (Continued)

B. Liabilities (Continued)

e. Other Postemployment Benefits (OPEB) (continued)

Healthcare benefits (continued)

Annual OPEB cost and Net OPEB Obligation. The County's annual OPEB cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table show the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation for the healthcare benefits:

Annual required contribution	\$ 997,206
Interest on net OPEB obligation	204,887
Adjustment to annual required contribution	<u>(284,824)</u>
 Annual OPEB cost	 917,269
Contributions made	<u>582,654</u>
 Increase in net OPEB obligation	 334,615
Net OPEB obligation, beginning of year	<u>5,122,186</u>
 Net OPEB obligation, end of year	 <u>\$ 5,456,801</u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012 through 2014 were as follows:

<u>Year Ended</u> <u>June 30</u>	<u>Annual</u> <u>OPEB</u> <u>Cost</u>	<u>Percentage of</u> <u>Annual OPEB Cost</u> <u>Contributed</u>	<u>Net OPEB</u> <u>Obligation</u>
2012	1,039,239	27.3%	4,366,741
2013	1,027,449	26.5%	5,122,186
2014	917,269	63.5%	5,456,801

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits for benefits and, thus, the unfunded actuarial liability (UAAL) was \$9,469,954. The covered payroll (annual payroll of active employees covered by

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

e. Other Postemployment Benefits (OPEB) (Continued)

Healthcare Benefits (continued)

the plan) was \$25,176,379, and the ratio of the UAAL to the covered payroll was 37.6 percent. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

In the December 31, 2013 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employers own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 7.75 to 5.00 percent annually. Both rates included a 3.00 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 5 year period. The UAAL is being amortized as a level dollar amount on an open basis. The remaining amortization period at December 31, 2013, was 30 years.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

f. Other Employment benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, state-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death, are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the postemployment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

For the fiscal year ended June 30, 2014, the County made contributions to the State for death benefits of \$0. The County's required contributions for employees not engaged in law enforcement and for law enforcement officers represent 0.00% and 0.00 % of covered payroll, respectively.

Due to a surplus in the death benefits, a decision was made by the State to temporarily stop employer contributions to the LGERS Death Benefit Plan beginning July 1, 2012. A temporary relief period based on the number of years the employer has contributed as of December 31, 2010 was established as follows:

<u>No. Years Contributing</u>	<u>Years Relief</u>	<u>FY Contributions Resume</u>
Less than 10	1	2014
10-20	2	2015
20 or more	3	2016

The period of reprieve is determined separately for law enforcement officers. Davidson County will have a three year reprieve because it has been contributing for more than 20 years. Contributions will resume in the fiscal year beginning July 1, 2015.

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

3. Closure and Postclosure Care Costs

State and federal laws and regulations require the County to place a final cover on its landfill facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. Of the \$5,730,873 reported as landfill closure and postclosure care liability at June 30, 2014, \$5,487,163 represents a cumulative amount reported to date based on the use of 100 percent of the total estimated capacity of Phase I of the landfill, 66% of the total estimated capacity of Phase II of the landfill, and 79% of the total estimated capacity of the C & D section of the landfill, and \$243,710 represents additional postclosure costs for the landfill that closed October 8, 1993. The County will recognize the remaining estimated cost of closure and postclosure care of \$5,900,000 as the remaining estimated capacity of Phase II and the C & D section are filled (estimated to be approximately 3.2 years). These amounts are based on what it would cost to perform all closure and postclosure care in 2014. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has met the requirements of a local government financial test that is one option under state and federal laws and regulations that helps determine if a unit is financially able to meet closure and postclosure care requirements. Management continues to analyze the cost associated with the above-mentioned environmental regulations and believes that future funding will be available to meet all costs related to these regulations.

4. Deferred Outflows and Inflows of Resources

The balance in unavailable revenues on the fund statements at year end is composed of the following elements:

	<u>General Fund</u>	<u>Other Governmental Funds</u>
Taxes receivable, net	\$ 1,370,405	\$ 368,002
EMS receivables	1,421,620	-
Other receivables	<u>462,625</u>	<u>-</u>
Total	<u>\$ 3,254,650</u>	<u>\$ 368,002</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

5. Risk Management

The County and the Airport Authority are exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Airport Authority carries no commercial coverage for workers' compensation. The County is self-insured up to the statutory limits and has purchased additional coverage to limit the County's losses to \$1,000,000 per occurrence.

In accordance with G.S 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Finance Director and the Tax Administrator are individually bonded for \$100,000 and \$250,000, respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

The County and the Airport Authority carry commercial coverage for liability and property insurance. There have been no significant reductions in insurance coverage from the previous year, and settled claims have not exceeded coverage in any of the past three fiscal years. The Airport Authority carries no commercial flood insurance. The County carries coverage of \$1,000,000 in commercial flood insurance for the Governmental Center and the Health Services Building.

The County's employee health care program is financed using an entirely self funded plan. Two optional health plans are available to employees, retirees, covered dependents, and eligible former employees. The County administers both healthcare plans through a self funded program, supplemented by employee contributions, to pay claims administration and medical claims of the employees and their covered dependents. Specific stop loss insurance with a deductible of \$125,000 for all occurrences and an aggregate stop loss insurance of 125% of estimated claims are purchased to limit the County's losses for the overall program. Liabilities of the program are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount of claims that have been incurred but not reported (IBNRs). The County reasonably expects these claims to be paid within one year of occurrence.

Changes in the County's claims liability balance are as follows:

	<u>2013</u>	<u>2014</u>
Balance, beginning of year	\$ 1,433,533	\$ 1,431,859
Incurred claims (including IBNRs) and changes in estimates	5,862,173	5,662,304
Less claims payments	<u>(5,863,847)</u>	<u>(5,887,468)</u>
Balance, end of year	<u>\$ 1,431,859</u>	<u>\$ 1,206,695</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

6. Contingent Liabilities

At June 30, 2014, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate outcome of these legal matters will not have a material adverse effect on the County's financial position.

7. Long-Term Obligations

a. General Obligation Indebtedness

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit and taxing power of the County. Principal and interest payments are appropriated when due.

The County's general obligation bonds payable at June 30, 2014 are comprised of the following individual issues:

Serviced by the General Fund:

\$42,000,000 2007 Series School Bonds due in annual principal installments on June 1 in increasing amounts ranging from \$1,300,000 to \$2,900,000 and a final payment of \$3,100,000 on June 1, 2027; interest payments due December 1 and June 1 of each year at interest rates ranging from 4.25% to 5.00%. The amount is shown net of unamortized premium, net of issuance costs, of \$580,178. \$ 34,200,000

\$16,905,000 2003 Series B Refunding Bonds due in annual principal installments on June 1 in increasing amounts ranging from \$1,150,000 to \$1,300,000 and a final payment of \$400,000 on June 1, 2016; interest payments due December 1 and June 1 of each year at interest rates ranging from 2.00% to 4.00%. The amount is shown net of unamortized deferred loss on defeasance of debt in the amount of \$880,198 and unamortized premium, net of issuance costs, of \$125,400. There is no outstanding in-substance defeased debt. 1,740,000

c. Advance Refundings

On May 15, 2013, the County issued \$9,080,000 of advance refunding certificates of participation to provide resources to purchase U.S Government securities that were placed in an irrevocable trust to be used for all future debt payments of \$8,580,000 of certificates of participation. As a result, the refunded certificates are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$500,000. This advance refunding was undertaken to reduce total debt service payments over the next 10 years by \$1,153,649 and resulted in an economic gain of \$1,038,066.

d. Qualified Zone Academy Bonds

On May 29, 2002, the County issued \$1,030,000 in Qualified Zone Academy Bonds to finance the renovation of certain qualifying school facilities. Bonds qualifying as "Qualified Zone Academy Bonds" under Section 1397E of the Internal Revenue Code are interest-free obligations to the issuer. The creditor receives federal tax credits in lieu of receiving interest payments from the issuer. The principal of \$1,030,000 is payable in full on May 29, 2015; however, beginning May 29, 2003, the County is required to make annual sinking fund deposits to a restricted escrow account in the amount of \$59,925 to fully fund the retirement of these bonds at maturity.

f. Qualified School Construction Bonds

On December 16, 2009, the County issued \$5,076,971 in Qualified School Construction Bonds to finance the renovation of certain qualifying school facilities. These bonds qualify as "Qualified School Construction" under Section 54F of the Internal Revenue Code. The interest rate charged is 2.11%, but the creditor also receives federal tax credits in lieu of receiving interest payments from the issuer. The principal and interest are payable annually on December 16, beginning December 16, 2010.

\$3,723,112

On June 2, 2011, the County issued \$13,050,000 in Qualified School Construction Bonds to finance the construction of a new middle school facility. These bonds qualify as "Qualified School Construction" under Section 54F of the Internal Revenue Code. The interest rate charged is 5.50%. The County will receive a federal tax subsidy of 5.07% from the U.S. Treasury. The principal of \$13,050,000 is payable in full on June 1, 2026; however, beginning June 1, 2012, the County is required to make annual sinking fund deposits to a restricted escrow account in the amount of \$870,000 to fully fund the retirement of these bonds at maturity. Interest is payable annually on June 1 and December 1, beginning December 1, 2011.

Total Landfill activities	<u>6,093,746</u>	<u>27,486</u>	<u>241,150</u>	<u>5,880,082</u>	<u>20,000</u>
Sewer					
General obligation debt	860,000	-	50,000	810,000	50,000
Limited obligation bonds	1,735,000	-	135,000	1,600,000	135,000
Installment purchase	8,706,307	-	405,760	8,300,547	423,354
Compensated absences	<u>8,881</u>	<u>-</u>	<u>8,881</u>	<u>-</u>	<u>-</u>
Total Sewer activities	<u>11,310,188</u>	<u>-</u>	<u>599,641</u>	<u>10,710,547</u>	<u>608,354</u>
Total business-type activities	<u>\$ 17,403,934</u>	<u>\$ 27,486</u>	<u>\$ 840,791</u>	<u>\$ 16,590,629</u>	<u>628,354</u>
Discretely presented component units:					
Long-term advance from primary government	\$ 1,221,149	\$ -	\$ 73,797	\$ 1,147,352	\$ 77,628
Total discretely presented component units	<u>\$ 1,221,149</u>	<u>\$ -</u>	<u>\$ 73,797</u>	<u>\$ 1,147,352</u>	<u>\$ 77,628</u>

Compensated absences typically have been liquidated in the General Fund and are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned. Compensated absences for governmental activities include the Internal Service Fund compensated absences. The General Fund has been used in prior

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

7. Long-Term Obligations (Continued)

years to liquidate net pension obligations and net other postemployment obligations. At June 30, 2014, Davidson County had a legal debt margin of \$999,348,378.

Debt Related to Capital Activities – Of the total Governmental Activities debt listed, only \$2,910,000 relates to assets the County holds.

C. Interfund Balances and Activity

Transfers to/from other funds for the year ended June 30, 2014 consist of the following:

From the General Fund to:

The School Capital Outlay Fund for school construction	\$4,287,179
The Capital Projects fund for county projects	150,564
The Capital Reserve fund for future capital projects	2,500,000
The Sewer Enterprise Fund for sewer line repairs and debt service	<u>1,101,622</u>
Total transfers from the General Fund	<u>\$8,039,365</u>

To the General Fund from:

The Capital Reserve Fund for capital improvements	\$1,013,514
The School Capital Outlay Fund for debt service	<u>424,164</u>
	<u>\$1,437,678</u>

To the County Capital Projects Fund from:

The Capital Reserve Fund for capital improvements	<u>\$1,277,088</u>
---	--------------------

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as matching funds for various grant programs.

During the 2014 fiscal year, the County made one-time transfers from the Capital Reserve Fund of \$1,013,514 to the General Fund and \$1,277,088 to the County Capital Projects Fund for various capital improvement projects. The County made a one-time transfer from the General Fund of \$2,500,000 to the Capital Reserve Fund to fund future building projects.

D. Net Investment in Capital Assets

	<u>Governmental</u>	<u>Business-type</u>
Capital asset	\$32,746,571	\$20,622,407
Less: long-term debt for capital related purposes	(2,910,000)	(10,710,547)
Add: unexpended debt proceeds	<u>-</u>	<u>1,160,881</u>
Net investment in capital assets	<u>\$29,836,571</u>	<u>\$11,072,741</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

II. Detail Notes on All Funds (Continued)

E. Fund Balance

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

Total fund balance-General Fund	\$ 55,737,475
Less:	
Long term note receivable	425,000
Long term advance to component unit	1,147,352
Stabilization by State Statute	9,343,229
Appropriated fund balance in 2014 budget	3,090,362
Register of Deeds	408,491
Sheriff operations	952,392
Health programs	2,600,540
Tax revaluation	79,000
Debt service	3,559,911
Working capital/Fund Balance policy	<u>22,988,948</u>
Remaining fund balance	\$ <u>11,142,250</u>

Davidson County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 18% of budgeted expenditures.

III. Joint Ventures

The County, in conjunction with the State of North Carolina and the Boards of Education, participates in a joint venture to operate the Davidson County Community College. Each of the three participants appoints four members of the board of trustees of the community college. The president of the community college's student government serves as an ex officio nonvoting member of the community college's board of trustees. The community college is included as a component unit of the state. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. The County contributed \$3,030,286 and \$569,175 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2014. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2014. Complete financial statements for the community college may be obtained from the Davidson County Community College administrative offices at I-85 and Old Greensboro Road, Lexington, North Carolina 27292.

The County, in conjunction with the Cities of Lexington and Thomasville and the Town of Denton, participates in the Davidson County Economic Development Commission. The County appoints four members, the Cities of Lexington and Thomasville appoint two members each, and the Town of Denton appoints one member to the nine-member board. The Commission is a joint venture established to provide services in order to promote and maintain capital industries in the County, including efforts to establish industrial areas and plans for orderly growth. The County,

NOTES TO FINANCIAL STATEMENTS (Continued)

III. Joint Ventures (Continued)

Cities and Town have an ongoing financial responsibility for the Commission's operating cost. The County contributed \$248,000 to the Commission during the fiscal year ended June 30, 2014. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2014.

Complete financial statements for the Davidson County Economic Development Commission can be obtained from the Commission's administrative office at I-85 and Old Greensboro Road, Lexington, North Carolina 27292.

The County, in conjunction with the City of Lexington, participates in a joint venture to operate the Lexington Board of Education. Davidson County appoints one member of a nine-member board; the City of Lexington appoints the remaining eight members. Taxing authority falls under the Davidson County Commissioners. For the year ended June 30, 2014, tax was levied at a rate of \$.12 per one hundred dollars valuation of property. The proceeds of said tax are to be used to supplement school expenditures as permitted by Chapter 115C of the North Carolina General Statutes. Although accountable because of its taxing authority, the County has no equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2014. Complete financial statements for the Lexington Board of Education can be obtained from the Board's administrative offices at 1010 Fair Street, Lexington, North Carolina 27292.

The County and the Cities of Lexington and Thomasville participate in the Lake Thom-A-Lex Recreation Authority. This authority, consisting of five members appointed by governmental parties, is responsible for the oversight and promotion of operations related to recreation at Lake Thom-A-Lex. Costs of operation are shared equally between both cities and the County. The County contributed \$14,231 to the Authority during the fiscal year ended June 30, 2014. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2014. Complete financial statements for the Lake Thom-A-Lex Recreation Authority can be obtained from the City of Thomasville administrative offices at 10 Salem Street, Thomasville, North Carolina 27360.

IV. Jointly Governed Organization

The County, in conjunction with six other counties and thirty-two municipalities, established the Piedmont Triad Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and state agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$34,306 to the Council during the fiscal year ended June 30, 2014. The County was the subrecipient of a grant for \$117,914 from the U. S. Department of Health and Human Services and the Division of Aging of the North Carolina Department of Human Resources that was passed through the Council.

NOTES TO FINANCIAL STATEMENTS (Continued)

V. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the state from federal and state moneys. County personnel are involved with certain functions, which are primarily eligibility determinations that cause benefit payments to be issued by the state. These amounts disclose this additional aid to County recipients that does not appear in the basic financial statements because they are not revenues and expenditures of the County.

	<u>Federal</u>	<u>State</u>
Temporary assistance to needy families	\$ 750,521	\$ (83)
AFDC payments & penalties	(1,023)	(280)
Medicaid	119,539,784	65,120,083
Children's health insurance program	4,805,238	1,515,630
Adoption assistance	505,289	768,286
Adult assistance	-	997,537
Special supplemental food program, WIC	<u>3,185,986</u>	<u>-</u>
Total	<u>\$128,785,795</u>	<u>\$ 68,401,173</u>

VI. Contingent Liabilities

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Statistical Section

This part of Davidson County's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Financial Trends - Tables 1, 11-13

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity – Tables 2-5, 16

These schedules contain information to help the reader assess the factors affecting the County's ability to generate property taxes.

Debt Capacity – Tables 6-9, 14

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information – Tables 10, 15

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

Operating Information – Tables 17-19

These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive financial reports for the relevant year. The County implemented Statement 34 in 2003; schedules presenting government-wide information begin in that year.

2014	11,010,529,658	53,991,982	733,189,369

- Notes:
- (1) Assessed value of taxable property approximates market value except for real property assessed values after the year ended June 30, 2002 which is based on market value as of January 1, 2001 (the County's last reappraisal). The assessed value of taxable property for business personal on manufacturers', retailers', and wholesalers' inventories is excluded.
 - (2) Assessed value of taxable property on registered motor vehicles is shown due to a state law change, as of January 1, 1993, which altered the procedures for the assessment of property taxes on registered motor vehicles in North Carolina and excluded the assessed value on registered motor vehicles from individual personal.
 - (3) Public service companies' property includes real and personal property of utilities, railroads, telephone and pipeline, etc. These assessments are made by the North Carolina Department of Revenue with no distinction between real and personal property.
